# Welcome To Dothan

Deep in Alabama sits Dothan, the city center for the Wiregrass Area, which encompasses southeast Alabama, panhandle Florida, and southwest Georgia. Named after a grass that once grew wild among the pines, the Wiregrass is now home to a modern city decorated by museums, arts, festivals, sports, and an emerging culinary scene.

We hope that while you are here, you'll discover what makes Dothan special - our people. We asked a few of them to help us explain what is so great about our city. Meet Dothan's Taste Makers, Story Shapers, Cool Creators, and Team Players over the next few pages, and see if you can spot them while you visit Dothan!

# STORY SHAPERS

**Story Shapers hold the heritage of the Wiregrass near and dear to their hearts. They can tell you the history of every mural in town, what each historic building once was and the importance of preserving what our ancestors set out to accomplish. Story Shapers immerse themselves in education and are always looking for ways to share their story with the masses.**

### Michael Jackson

Co-founder and Executive Director of Aunt Katie's Community Garden

Agri-tourism is not being taken advantage of fully. People want to come and be in nature, and we give people the chance to do that here. A lot of people aren't used to seeing their food harvested right in front of their eyes. It's like magic. From here, we believe we can teach, entertain and inspire children and their families to live longer, healthier lives by having an encounter at Aunt Katie's Garden.

### Joy Parkman

Manager of The Wiregrass Humane Society

The rescue community works very well together by communicating if they are looking for a specific dog or cat for a family, allowing us to get animals in good homes while opening our kennels for more animals in need. We are incredibly grateful for our support system here in the community.

Executive Director of the Dothan Area Botanical Gardens

The fantastic thing about the Gardens is that it's a community project, and it's a good reflection of the community. This property was originally a soybean field. But then a few people locally had an idea about something that Dothan needed, and they felt like Dothan needed a botanical garden. Dothan's great thing is you don't tell them they can't do something because they go out and do it. Thirty years later, we've got one of the few botanical gardens in the state, and we're one of only six on the Alabama Botanical Garden Trail.

# Museums & Monuments

## E.R. Porter Hardware Museum

**136 E. Main St.**  
**334.699.8118 / dothandowntown.org**

Before closing its doors in 2014, E.R. Porter Hardware was the longest running hardware store in the state of Alabama. The store has been preserved just as it was when they closed business on that day, and stands as a living museum for “the way things used to be.” The story goes that Dothan was built with materials purchased at Porter Hardware. This attraction is unique to Dothan and is full of stories about our little corner of the world.

Located in the original Greyhound bus station in Downtown Dothan, the George Washington Carver Museum is dedicated to honoring the contributions of African-Americans to arts and sciences. The Carver is home to one-of-a-kind personal items from Dr. Carver and his laboratory. There he developed over 300 uses for peanuts in food, industrial, and commercial products, as well as promoting soil rotation, which saved the Wiregrass area from economic ruin in the age of the boll weevil. The Carver hosts annual Black History Month events, as well as educational activities year round.

## Murals of the Wiregrass

**Downtown Dothan**  
**muralcityartwalk.com**

What better way to celebrate our area’s rich history in agriculture, music, movies, and peanuts than by painting it on the sides of our most historic buildings in Downtown Dothan? Beginning with the Peanut Mural on the side of Liddon Furniture in the Dothan Civic Center parking lot, these murals have been a loved attraction in Dothan for years. The best way to tour the murals is walking the downtown streets on a beautiful southern day. Maps are available in Porter Hardware, at the Visit Dothan Visitors Center, and on the next page in this Visitors Guide.

# Murals of the Wiregrass

## Why murals?

In 1992, most of the shops and businesses had moved out of Downtown Dothan in favor of Ross Clark Circle's busy traffic. While business migration is not a bad thing, it left downtown quiet. A small group of citizens created the Wiregrass Festival of Murals Board and began the process of bringing downtown back to its beautiful aesthetic on the historic buildings left vacant.

It was only natural that the first mural would be the Salute to the Peanut Industry, painted on the side of Liddon Furniture, one of the original downtown stores owned by the Liddon family since 1929. The mural features the progression of the peanut industry in the Wiregrass area, beginning with Dr. George Washington Carver at the very first National Peanut Festival, followed by the "old way" of peanut farming to the "new way" with modern farming equipment, to the present-day National Peanut Festival, held every year in November.

The mural was a hit. People were coming back downtown to see the art that seemed to be alive on the side of an old brick building. With that same enthusiasm, the Wiregrass Festival of Murals Board commissioned more murals - hometown legend and Hollywood actor Johnny Mack Brown, Creek Indian Chief Eufaula, early settlers, industries like mules, turpentine, railroad, and cotton, and Tuskegee Airman Sherman Rose.

As of this publication, there are nineteen murals total, including a hidden mural inside the Dothan Opera House. The murals cover an eight-block pathway through Downtown Dothan, and travelers come from all over to see the Mural City of Alabama. More murals are being planned, with the most recent painting a depiction of Wildlife in the Wiregrass wrapping the corner of Bob Woodall Air Care Systems on North Foster Street.

## What's the best way to see the murals?

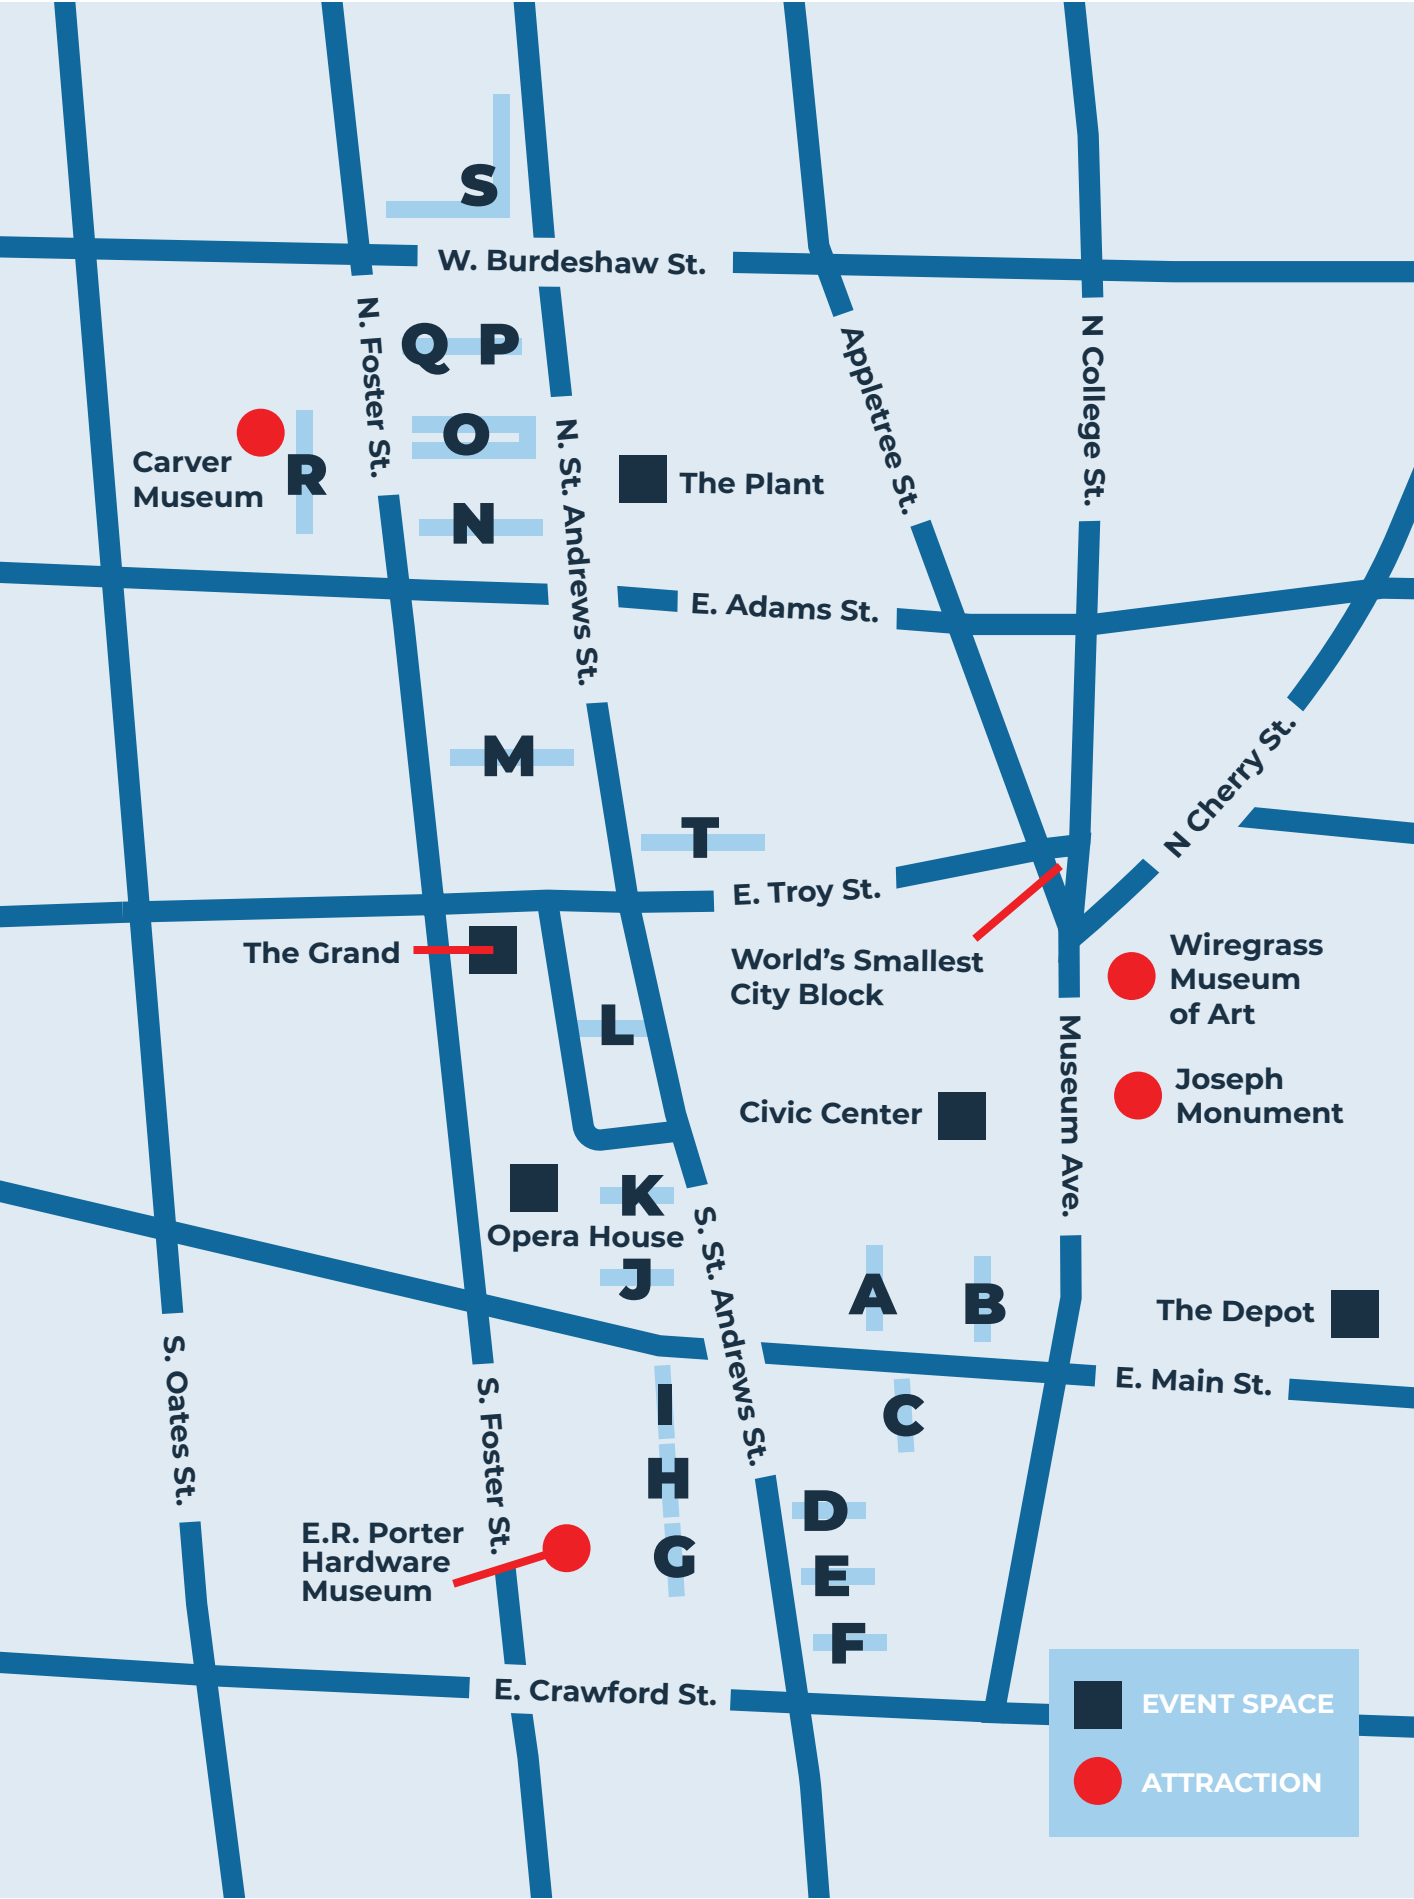

By walking, of course! Take advantage of Dothan's beautiful weather by parking your car on St. Andrews or Foster Street and follow the map on the next page. Choose to see only a few or adventure out to see them all! Each mural is painstakingly detailed by the talented artists who painted them. The murals are the perfect way to learn Dothan's history and to experience Downtown Dothan.

# Peanuts Around Town

## What's the big deal about peanuts in Dothan anyway?

Peanuts haven't always ruled the soil in our part of the world. At one time, it was all about King Cotton. Unfortunately by the 1920s, the boll weevil had taken over most of the cotton fields in the South, and farmers were left with destroyed fields and empty pockets heading into the Great Depression.

Enter Dr. George Washington Carver who, during his time as a professor of agriculture at Tuskegee University, had discovered over 300 uses for the peanut. He found that peanuts were not just tasty, but their oils were conducive to cooking, cosmetics, and pharmaceuticals. He also introduced field rotation to area farmers, showing that fields can be exhausted by continual planting. Luckily for the Wiregrass, the sandy soil on the farm lands was the perfect growing environment for shallow peanut plants.

Peanuts quickly revitalized farming around Dothan, and in present-day, 50% of the world's peanuts are grown within a 100-mile radius of Dothan. If you're eating a jar of peanut butter, chances are that you are consuming peanuts grown by Dothan area farmers. And no, peanuts are not a nut! They are members of the legume family, more related to the pea than the nut.

So in the end, we have the boll weevil to thank for our booming agricultural economy in Dothan. So much so that our neighbors to the east in Enterprise raised a statue in honor of the boll weevil in the center of their downtown. But mostly, we have Dr. Carver to thank, which is why you'll find him forever honored on murals and in museums in Dothan.

## What about the peanut statues all around town?

What began as a fundraiser for the revitalization of Downtown Dothan has morphed into a city-wide public art project. Businesses purchase fiberglass peanut statues from locally owned Replica Plastics, and design them with significance to their business. You'll find Dothan legends, kangaroos, armadillos, chefs, superheroes, doctors, dogs, and even a giant chicken. As of this publication, there are 67 Peanuts Around Town, and more are being added daily. We dare you to find a more unique city signature than the Dothan Peanuts Around Town.

You'll need a vehicle for this scavenger hunt as the peanuts spread (pun intended) all over town. Take the map on the next page and see if you can find them all! This is a great activity to learn your way around Dothan or to get the kids out of the house on a school holiday.

# National Peanut Festival

## Now that you know why we care so much about peanuts...

It's time you know about the National Peanut Festival. Yes, we have a festival for peanuts. And yes, it's a huge deal. You might hear the locals simply call it, "the fair," but it's so much more than that.

Each fall, the Wiregrass celebrates its agricultural heritage and the end of the harvest season with the National Peanut Festival. Inaugurated in 1938, what was then a three-day event included a pageant, parade, historical play, and a grand ball. The honorary guest speaker was none other than Dr. George Washington Carver. Pausing only for a brief break during World War II, the festival has been held annually ever since.

The festival has grown a bit since 1938; it's now a ten-day event that sees over 200,000 visitors each year. It's own fairgrounds were dedicated in 1999, and includes two midways, an amphitheater, food avenue, and expo buildings. The two midways are split - one for big rides and carnival games for teens and adults, and one for kiddie rides and easier games for the little ones. The expo buildings are full of local arts and crafts, recipe contest and photography winners, and livestock shows. The amphitheatre has hosted big music acts like Blake Shelton, Little Big Town, Steven Curtis Chapman, the Charlie Daniels Band - even Garth Brooks back in 1992 - and presents a new slate of artists each year in varied musical genres. The festival hosts several annual events as well that are crowd pleasers, like the Demolition Derby, cheerleading competition, greased pig and calf scramble, Senior Citizen Day, and Special Citizens' Day.

On the last Saturday morning of the festival, thousands of people line Main Street to watch marching bands, beauty queens on floats, classic cars, and military personnel in the area's largest parade.

What is everyone's favorite part of the festival, though? The food! Former NPF President, Jason Rudd, told us, "The #1 fair food is a corndog from The Corndog Man. #2 is the roasted corn." On the food avenue, local bands and civic clubs set up booths for the week to sell peanuts any way you like them, elephant ears, funnel cakes, fried Oreos and Twinkies, kettle corn, and any carnival food you can imagine. The food is so famous, it was even featured on Food Network's "Carnival Eats."

The National Peanut Festival is worth the visit to Dothan for old-fashioned family fun. You can find information about festival events, ticket pricing, and more at [nationalpeanutfestival.com](http://nationalpeanutfestival.com).

What makes The Peanut Gallerie different from other galleries you may visit is that we strive to support local and emerging artists throughout the Southeast. People don't realize that there is a thriving art community in Dothan filled with a lot of talented people. Some of our artists are painters, jewelers, potters, glassmakers, and photographers.

My belief is everyone should make something with their hands. Artists and artisans are essential for a community because it takes people back to a time when things were simple, and those things last forever within a community. Specifically, during COVID, craftsmanship has helped people supplement their income, which allows the community to support local businesses.

### Angela Dunning

Co-Founder and Director of Hits for Heroes

We recognized that we had excellent facilities here in Dothan, and we saw an opportunity in this field to create an event that unified the community. We can all agree that we want to show our troops that we support them—what better way to do that than with America's favorite pastime and America's heroes. Through the game of baseball, we honor our heroes.

### Roger Rocha

Founder of Run the Circle Running Festival

I was training for a half marathon, and I was supposed to run 16 miles. I was living on the circle at that time. I decided to get up and run the circle on the outside against traffic. It was 14 1/2 half miles, and I thought the inside had to be closer to a half marathon, and wouldn't that be really cool to do run a half marathon around the circle. It took me about a year to convince everyone that we could do it.

Dothan Shockers FC Tournament Director/  
Owner of European Soccer Academy

We have been growing consistently. We started with one event in the fall, and we added a spring event to accommodate the growth. We grow by 10-15 teams each tournament, and we get positive feedback after each tournament. Kids and parents really want to come back and play in our tournaments and enjoy the city even more.

# Circle City BMX

Dothan is the home of Circle City BMX, a professional level track that has been a destination for riders from around the region since 1984. Circle City is considered the fastest BMX track in Alabama, with three paved turns and a unique crossover feature. The track is sanctioned under the USA BMX American Bicycle Association and is operated by The Circle City BMX Parent's and Rider's Association, a nonprofit organization.

**Participation fees start at \$3 and include helmet and bike rentals.**

The track has hosted multiple BMX National and Gold Cup events in recent years, including the 2021 USA BMX Circle City Nationals. That event brought thousands of professional and amateur riders from 37 states and nine countries! Two Olympians, Connor Fields and Alise Post, even traveled to Dothan to participate in the event! Fields, an Olympic gold medalist, told The Dothan Eagle that the track "surpassed [his] expectations. It's a really, really good track." With help from local volunteers, the weekend was a major success.

# The History of the Games

The Inaugural Alabama State Games competition in 1983 was held in Auburn, Alabama and featured 600 athletes competing in four different sports. In 2019, ASF Foundation's 37th Anniversary State Games showcased more than 6,000 athletes competing in 30 sports with over 200 separate events, making it the state's largest annual multi-sport event for youth and adults.

The Games are part of the nationwide network of state games with a national organization called the National Congress of State Games (NCSG). The NCSG is a membership organization comprised of 30 Summer State Games and 10 Winter State Games organizations and a member of the United States Olympic Committee's Multi Sport Organizational Council. The mission of the NCSG is to support State Games member organizations in the promotion of health, fitness and character building through multi-sport competitions and physical activities. The NCSG was created in 1986, to serve as the official association of the State Games Organizations. However, The State Games movement dates back to 1978.

The State Games provide a motivational goal for athletes and communities within the state in which they are held. Recreational and competitive events alike are offered in most states, so whether participants compete for the fun of it or as the first step to their ultimate dream, there's something for everybody in the State Games. The Games are a continuation of a grassroots effort to get communities involved and aware of Olympic sports and to encourage them to pursue their sports-related endeavors whether they are athletes, coaches, administrators, officials, sponsors or volunteers.
